Re: Found No Violation. FPPC File No. 10/1088; Nancy Gall

Dear Ms. Gall:

The Enforcement Division of the Fair Political Practices Commission ("FPPC") was reviewing a matter concerning your failure to file Campaign Disclosure Statements (Form 460) in connection with your election in November 2008. After review of this matter, we found no violation of the Political Reform Act in that you had not hit the requisite threshold of \$1,000 in contributions or expenditures that would have required your filing. We appreciate your cooperation in our review of this matter.

If you have any questions, or if you wish to speak with someone in the Enforcement Division about your correspondence, you may call us at (916) 322-5660.

Sincerely,

REDACTED
